CODED!**

Do it with passion ...

Integration Developer & Reports Specialists [m|w|d]

Individually tailored to your skills, you will take on challenging and varied tasks in our application integration team. We are looking for experienced employees as well as newcomers who want to get started with enthusiasm and support from our experienced developers.

You will work on integrating our software with the IT landscape of our customers and optimize our application for their specific workflows and business requirements.

Our Techstack

🗺 MapForce 📄 SAP Crystal Reports 🗄 Oracle Database (SQL) ⚙ CarLo® Integration Middleware 🌐 Customizable Web and File APIs

Your Tasks

- Design and develop web and file interfaces for our world-class logistics applications.
- Design and develop reports, statistics, dashboards, and other BI integrations.
- Design and develop data transformations and API configurations.
- Support and improve existing application integrations and reports.
- Perform integration tests to ensure quality, performance, and maintainability.
- Write technical specifications and documentation to ensure clear understanding and facilitate future development.
- Collaborate with an international team of integration developers, software engineers, product managers and other colleagues.

Your Traits

- Bring good communication skills and the ability to analyze and capture customer requirements.
- Bring good problem-solving skills and attention to detail.
- Bring curiosity, passion for technology and the urge to continuously improve your skills.

Minimum Qualifications

- Experience with webservice, API integration, XML and other EDI formats.
- Experience with relational databases and SQL.
- Comprehensive and advanced understanding of IT concepts, systems, and practices.
- Proficiency in the English and German language.

Preferred Qualifications

- Bachelor's degree in business informatics, economics a related technical field, or equivalent practical experience.
- Experience with reporting and BI tools like SAP Crystal Reports or SSRS.
- Experience with MapForce, Seeburger or Lobster.
- Experience with Transport Management Systems and logistics.

Our Benefits

- An experienced, motivated, and international team of colleagues

- An attractive and modern workplace with state-of-the-art hardware in the city centre of Dresden
- Flexible working hours through flexitime model and remote work option
- A secure and future-oriented job with the opportunity for further self-development
- Targeted Onboarding and mentoring programmes
- The chance to work temporarily in one of our international branches
- Corporate-Benefit-Program with exclusive discounts on popular online shops and brands
- Regular team activities and company-wide events
- Free drinks/fruits and subsidised lunch
- Work-in-Silence-Rooms for interference-free work

Next Steps

Please send your complete application documents to our **HR team**, stating your salary expectations, your earliest possible starting date or your current period of notice as well as the **JOB-ID 888-2** directly via our **online application** or by e-mail to topjobs@soloplan.de.

Thank you, we look forward to receiving your application!
