## Software Engineer [m|f|d]

Individually tailored to your skills, you will take on challenging and varied tasks in our development department. We are looking for experienced employees as well as newcomers who want to get started with enthusiasm and support from our experienced developers.

Depending on your experience, strengths, and personal preference you will work on desktop, mobile or web/cloud applications.

### Our Techstack

- C#, .NET, WinForms, DevExpress, Xamarin, MAUI, ASP.NET Core, Blazor, Oracle Database, Azure SQL Database, Azure Cosmos DB, Microsoft Azure

### Your Tasks

- Design, develop and maintain our world-class logistics applications.
- Be involved in shaping our system architecture and application framework.
- Implement unit and integration tests to ensure quality, performance, and maintainability.
- Write technical specifications and documentation to ensure clear understanding and facilitate future development.
- Collaborate with an international team of software engineers, product managers and other colleagues.

### Your Traits

- Bring good problem-solving skills and attention to detail.
- Bring curiosity, passion for technology and the urge to continuously improve your skills.

### Minimum Qualifications

- Bachelor's degree in computer science, a related technical field, or equivalent practical experience.
- Experience with software development in one or more programming languages
- Experience with object-orientation, data structures, algorithms, and design patterns
- Proficiency in the English language

### Our Benefits

- An experienced, motivated, and international team of colleagues
- An attractive and modern workplace with state-of-the-art hardware in the city centre of Dresden
- Flexible working hours through flexitime model and remote work option
- A secure and future-oriented job with the opportunity for further self-development
- Training and development opportunities
- Targeted Onboarding and mentoring programmes
- "Work and Travel" - The chance to work temporarily in one of our international branches
- Corporate-Benefit-Program with exclusive discounts on popular online shops and brands
- Regular team activities and company-wide events
- Free drinks/fruits and subsidised lunch
- Work-in-Silence-Rooms for interference-free work
- Company pension scheme and capital-forming benefits

### Next Steps

Please send your complete application documents to our **HR team**, stating your salary expectations, your earliest possible starting date or your current period of notice as well as the **JOB-ID 106-1** directly via our **online application** or by e-mail to [topjobs@soloplan.de](mailto:topjobs@soloplan.de).

**Thank you, we look forward to receiving your application!**
